NEWARK CLUBS BACK PLAN FOR CIVIC BUILDING

Civic, social and religious clubs of Newark have joined forces in a united endeavor to promote funds for the construction of a Town Hall, where the adult groups of the community could hold their meetings.

The Newark Improvement Club inaugurated the plan many years ago and began accumulating funds for the construction of a community building. The project was abandoned during the war and now, with increased building costs, it was deemed more feasible to make it a community-wide plan.

SUGGESTIONS ASKED

The assistance of all of the towns people has been asked by the club members, and persons having any ideas or suggestions on the furthering of the project, available locations, etc., have been urged to send them to Post Office Box V, Newark. These communications will be considered at the next meeting to be held on December 7 at the Newark Youth Center. The public is also invited to attend the December 7 meeting.

The women's club successfully sponsored the establishment of the youth center, which is considered adequate for youth activity meetings but too small for adult affairs.

CLUB REPRESENTATIVES

Mrs. Mary Gastelum, president of the Newark Improvement Club, presided over the initial meeting of the clubs last Wednesday evening. Others present, and the organizations they represented, were: Mrs. Ray Alberts and Mrs. Norma Willburn, Newark Improvement Club; Mrs. Julia Harris and Miss Lida Francis, Newark Bluebird Club; Mrs. Mary M. Silva, Mrs. Lenora Nunes, Mrs. Mary Lotti and Mrs. Seraphine Mendes, Council 58, S.P.R.S.I.; Avery Grace and Paul Gygax, Mariner's Club of the Presbyterian Church; and Henry Lewis, Newark Chamber of Commerce.

CHICAGO PASTOR TO TALK HERE SUNDAY

A young "supply" pastor, the Rev. Paul Focht, will conduct the services and preach the sermon at the Niles Congregational Church this Sunday, following the departure this week of the former pastor, the Rev. Donald Kirkbride, who has taken a new post at Winslow, Washington.

Mr. Focht comes to the Niles church directly from Chicago. He is a Californian by birth, and anxious to be located again in this state, preferably in the bay area. That explains his interest in the position here at Niles. He is married and has two small children.

The church leaders are anxious that there be a large crowd at the services this Sunday, in order that a majority may express an opinion concerning the applicant.

SELECT SITE FOR NEW GOLF COURSE

A 115-acre tract of land north of Decoto on the Niles-Hayward highway is soon to be the site of a new 18-hole golf course, according to plans of the Hayward Area Golf and Country Club.

Members of the Hayward Area Golf Association, which is sponsoring the course, expect to enlist 160 members by March 23 of next year, at which time construction of the first nine holes is expected to get underway.

The new club is to be limited to 400 memberships, which will provide funds with which to complete the course and clubhouse. Memberships are being handled by Vic Hale, association president, and George R. Vestal, secretary,

According to Harold Sampson, Burlingame golf architect, the proposed course will be the only championship size course in the east bay with a total yardage of 6665, requiring a par 72 for a perfect round.

ILLNESS DELAYS JURY TRIAL IN CENTERVILLE COURT

The jury trial of seven men, charged with gambling, was halted at Centerville Monday and continued to November 9 because of the illness of a witness.

The panel of 12 jurors was selected Thursday and the trial opened Friday. However, the illness of Deputy Sheriff Temple, a member of the raiding party making the arrests, made it necessary to postpone further sessions until he had recuperated sufficiently to testify.

The seven men, all arrested on the night of August 19 in the New Manila Club, Alvarado, are free on bond of $500 each.

Serving as jurors on the case are: Jack Parry, Frank Gygax, Alicia K. Emery, Albert J. Bechtold, Thomas Robbins, Lucille Day, Mrs. Alice King, Lester Whitaker Jr., Jennie Mohn, Rose Escobar, Pete Kiaddo and Edith H. Whipple.

FATAL ACCIDENT NEAR CENTERVILLE

One man was killed and four others injured in a headon crash between two automobiles on Highway 17 near Centerville Sunday.

Robert George Amaral, 20, Oakland, driver of one of the cars, was killed and his two passengers, Donald J. Costa, 19, and George J. Johnson, 20, also of Oakland, were treated for lacerations at Fairmont Hospital.

Driver of the other car, Richard W. Erickson, 23, navy enlisted man from Moffett Field, and his passenger, Paul E. Whittener, 23, also of Moffett Field, were taken to Oakland Naval Hospital for treatment.

The Washington Township Historical Society this week received the approval of the Board of Trustees of Washington Union High School to utilize the school as a museum headquarters.

Mrs. L. M. Robinson, Irvington, representing the society, appeared before the board with the request. Principal J. V. Goold also expressed approval of the proposal and suggested that valuable documents could be kept in the school's vault until adequate cabinet space could be afforded.

UNLICENSED AUTO DRIVERS TO GET HEAVIER FINES

Motorists who are haled into Judge E. A. Quaresma's Justice of the Peace Court in Niles in the future on charges of operating an automobile without a driver's license will find the judge not very receptive to pleas for leniency.

"In the past two months more than half of the traffic code violations which have come before this court have been persons who did not have driver's licenses," Judge Quaresma stated at the conclusion of court session here last Friday.

UNABLE TO READ

The judge was not entirely unaware that there are many persons residing in this area who are willing to take their risk in being picked up by the highway patrol rather than make the trip to Hayward, San Jose or Oakland to take the driver's test.

For the past several weeks many young Mexicans have appeared in court on charges of driving without a license. The majority of these youths admit owning their own cars but offer an alibi, through an interpreter, that they cannot obtain a driver's license because of their inability to read and write English.

THREE ALTERNATIVES

"They must either quit driving, obtain a license or expect to pay a much heavier penalty than has been assessed against them in the past," Judge Quaresma stated.

He pointed out that he has been fining from $5 to $25 for these offenses in the past, whereas the maximum penalty is $500 fine or six months in jail.

MOTHER OF SEVEN ATTEMPTS SUICIDE

A young Decoto mother is in critical condition at Fairmont Hospital after difficulties in caring for seven children led her to an alleged suicide attempt Tuesday.

Treated for what hospital attendants described as a lethal dose of a type of medicine used as a sedative, was Mrs. Stella E. Galvan, 26, of 627 Second Street, Decoto.

Her husband, Benito G. Galvan, 33, called a Centerville physician to his home after the woman reported swallowing 60 of the pills. Galvan said that she walked into the bathroom, swallowed the dose, then returned to their bedroom, throwing him the empty bottle and telling what she had done.

She was given emergency treatment and taken to the county hospital where attendants called sheriff's deputies.

PAY BOOST GIVES HIM UPPER HAND

Jack Parry, Niles banker, has long sought a way of putting a damper on the wit and practical jokes so common to Vernon Ellsworth, Niles realtor.

Parry has the upper hand this week!

It all goes back three weeks ago when Ellsworth served on a jury in Centerville Justice Court. At that time jurors were paid at the rate of $2 per day.

Little more than a week ago the jury pay was boosted to $3 per day.

Parry, who served on the jury in Centerville this week at the new rate of $3, has flaunted Ellsworth since that time with the statement, "They decided to up the ante to get a better class of jurors."

MEMORIAL SERVICE FOR LOCAL NISEI WAR CASUALTIES

Washington Township's first observance of Nisei Soldier Memorial Day was held at the Veterans Memorial Building in Niles on Sunday afternoon under the sponsorship of the Southern Alameda County Chapter of the Japanese American Citizens League.

The Washington Township American Legion Post served as host at the public gathering, which honored the Japanese-American men who gave their lives fighting for this country in World War II.

HONOR PARENTS

The program was opened with an address of welcome by Arthur Gomes, legion commander; the advance of the post colors and an invocation by LeRoy A. Broun, post chaplain. Vocal selections were sung by Lorraine McClain, accompanied by her mother, Mrs. G. G. McClain.

Gold Star parents of Nisei casualties of the war, Mr. and Mrs. Kato of Warm Springs and Mr. and Mrs. J. Sueoka of Sunol, were introduced by Kazuo Shikano, president of the local chapter of the J.A.C.L.

SAVED 'LOST BATTALION'

The main address, "What the Nisei Soldier Memorial Day means," was delivered by Joe Grant Masaoka, regional J.A.C.L. director. He pointed out that the famed 442nd Battalion, an all Nisei group, had rescued the "Lost Battalion" of the 36th (Texas) Division on October 30, 1944, and so it was that October 30 has been set aside as the Memorial Day for the Nisei soldiers.

Mas Satow, national director of the J.A.C.L., was also present and made a brief talk.

MAN, DESPERATE, HIDES ON MISSION RANCH

* * * * * * * * *

CONTEMPLATES SUICIDE— CHANGES MIND

A young man with desperation written on his face . . . a scarcely-touched bottle of whiskey . . . a capsule of cyanide hidden in a pocket . . .

This is what the deputy sheriffs found Wednesday morning when searching the Michael Overacker ranch in Mission San Jose for a man reported by the Overackers to be roaming their hillside property.

Suspicions of Mrs. Overacker were aroused Tuesday when she found an abandoned car on the county road that goes through their ranch.

She reported the matter to her husband, who set out on horseback to find a possible intruder on the property.

After riding through the canyon, Overacker found a man lying under a tree with a bottle of whiskey at his side.

"Michael asked him what he was doing there," said Mrs. Overacker in giving an account of the episode. "The fellow said simply that he was tired of driving and had just stopped to rest under a tree for a while. But Michael said that the man was acting strangely —not like a fugitive, but like someone who didn't care what happened to him. Michael left him to report his presence to the sheriffs."

The sheriffs arrived, but the man was gone. His car was still parked on the road, however, so they knew he was still in the area. When nightfall came they had to abandon the search, which was continued in the morning by Overacker, who tracked him by footprints.

When he was finally found, the tragic-faced man admitted to deputies that he was contemplating suicide but, after 24 hours in the hills and even with the whiskey to fortify him, he had still not been able to go through with it. He pulled a capsule from his pocket and said it was cyanide.

Why?

Thirty-eight years old . . . two jobs lost in succession . . . no one to care . . . a failure . . .

Deputies learned that he had been employed in Palo Alto. They got in touch with friends.

Now what?

No one knows. Perhaps friends will be able to persuade the despairing man who spent an agonizing 24 hours in the hills of the Overacker ranch making a choice between life and death that he chose the braver way, after all. Perhaps they will tell him that to go on living takes far more stamina than to take the coward's way out.

RED FEATHER DRIVE ENDS SATURDAY; GOAL ATTAINED

Certainty that the current Community Chest Campaign would attain its goal of $6040 by Saturday was expressed yesterday by Mrs. Raymond Benbow, Irvington, campaign chairman.

Mrs. Benbow revealed that she now has received $4,760 from the volunteer solicitors. Another $1000 has been pledged in the advance gifts division from industries and will be received within the next few days. This total, coupled with the funds to be turned in by the workers who have not as yet reported, is expected to reach the goal set by the local Red Feather organization.

"The drive will definitely end Saturday," Mrs. Benbow stated. She added that persons who wish to contribute, but have not been contacted by solicitors, should call their community chairman before the end of the week.

Mrs. Benbow expressed her gratitude to the corps of volunteer workers who gave their time to aid in making the drive a success and to all the residents of the township for their generous contributions. "It is particularly gratifying when we know that so many other communities are having difficulty attaining their goals," she added.

Organizations that will share in funds raised here are: Boy Scouts, Girl Scouts, U.S.O., Salvation Army, Travelers Aid, Mission San Jose Youth Center, Newark Youth Center and Irvington Youth Center.

ROAD IMPROVEMENT PROMISED DECOTO

The acceptance of Seventh and Eighth Streets in Decoto as a part of the county road system and the opening and surfacing of Ninth Street between H Street and Decoto Road has been announced by County Supervisor Chester E. Stanley.

In making the announcement via letter to the Decoto Chamber of Commerce, Supervisor Stanley stated however, that work cannot be done on the streets until the county has funds available from the 1950 budget.

CHRISTMAS DECORATIONS

In his letter to the Chamber, which was read at Tuesday evening's meeting, Stanley pointed out that the streets will not be surfaced from curb to curb. Instead, in keeping with the county road policy, 22 feet in the center of the street will be surfaced and the shoulders graveled.

The Chamber members present at the meeting authorized Manuel Hidalgo to make the necessary purchases for the community Christmas decorations.

It was voted to invite R. J. Wright, Irvington, chairman of the Alameda County Planning Commission, to attend the next meeting on December 6 to discuss planning and better zoning of the town.

WILL NOMINATE

Secretary Bernie Joseph was instructed to communicate with the Decoto P.T.A., thanking them for their splendid work in assisting in the tuberculosis survey.

Vice-President Gonzales Paniagua, who presided in the absence of President Ken Garcia, announced that the nomination of officers will be held at the December meeting.

SCHOOL CARNIVAL RECEIPTS OVER $600

The second annual Halloween Carnival, given last Saturday evening at the high school under the sponsorship of the P.T.A., was attended by more than 1,000 persons and brought in over $600, according to Mrs. Raymond Benbow, carnival chairman.

Mrs. M. E. Amaral, P.T.A. president, has announced that the proceeds will be used to finance nurses' scholarships.

Highlight of the event was the crowning of Mitzi Zeisse as Carnival Queen by Coach Jud Taylor. Runners-up in the contest, who received gold bracelets, were Erleen Zimmerman, Elaine Borge and Emma Jean Ferrell.

W.U.H.S. Enrollment Will Double in Five Years, Says J.V. Goold

The present enrollment of 711 at Washington Union High School will swell to 1,400 by the 1955-56 school year!

This fact, borne out by recent surveys, was revealed Wednesday by J. V. Goold, district superintendent, in an address before the members of the Centerville Chamber of Commerce. The meeting was held in the school cafeteria, where the business men were luncheon guests of the school administration and Board of Trustees.

In his address, Goold traced the history of the school, its functions, services, "products" and plans for the future.

"Washington Union High School District is the second oldest union high school district in Alameda County, exceeded only by Livermore, which was set up a matter of days head of our own district," Goold told his audience.

He went on to relate that the first school building was located on Fremont Street.

ONLY ONE BOND ISSUE

A bond issue of $150,000 for the present school building was voted in 1923, carrying by the overwhelming majority of 1,777 to 99.

The nucleus of the present plant was formally dedicated by the Native Sons and Daughters of the Golden West on August 24, 1924. At that time there were 225 students, 12 faculty members, three custodians and three school buses.

"The original bond issue is the only one ever called for this district and was paid off last year," Goold said. He further revealed that the district now has $100,000 in undistributed reserve with which it hopes to build two or three new classrooms.

In 1926 the building housing the wood and metal shops was erected at a cost of from $30,000 to $40,000.

In February of 1930 work was begun on a new $50,000 gymnasium and all the buildings were made earthquake proof, according to state requirements, in 1936.

The visual education and agricultural rooms were added in 1936-37 at a cost of $12,000. In 1938, through the assistance of W.P.A. and P.W.A., the cafeteria, garage, and athletic field bleachers were constructed.

The last major improvement to the school plant came in 1945-46 when a quonset hut was set up for the agricultural department.

"Now, through the foresight of the present Board of Trustees, we have been able to obtain 20 acres of addition ground, adjoining our present plant, to allow for expansion," Goold said.

MANY NEW COURSES

The local school began as a college preparatory school, but, feeling the more democratic way was to cater to all groups, the school now also offers complete courses in vocational field, commercial field and general course.

In the way of special services to students, Goold listed: Cooperation with the State Rehabilitation Department in assisting handicapped children; speech correction class; remedial reading class; accident insurance on students; class counselling; all types of sports and educational field trips.

In summing up his talk, Goold stated, "I run a paternalistic school —I'm individually interested and concerned with each of my 711 boys and girls and I work with the loveliest people in the world."

Warren Gravestock, vice-principal of the school and principal of the Evening School, giving a short report on the night classes, revealed that more than 500 persons are now enrolled with several new classes soon to be added.

NILES R.F.D. ROUTE WILL BE EXTENDED

The request for rural delivery mail service along Mt. Vernon Avenue has been granted, according to word received by the Niles post office from the Post Office department.

Postmaster E. E. Enos said yesterday that according to the directive the 14 families residing along the avenue in the Suhnel Subdivision will be extended the new service effective December 1.

LOCAL MAN NAMED HEAD OF COUNTY ADVISORY BOARD

W. D. Patterson, Centerville, president of the Alameda County Water District, was elected chairman of the newly-appointed Advisory Board of the Alameda County Flood Control and Water Conservation District at the first meeting of that nine-man board held in Oakland on Tuesday. Other officers named were Charles S. Long of Hayward, vice-chairman, and Patrick McDonough, Oakland, scretary.

The board members wasted no time in tackling a far-reaching flood control and water conservation problem in Alameda County.

Their first recommendation was that an engineer be employed at the earliest possible date, under the direction of the County Surveyor, to accomplish the coordination of present activities related to flood control, water conservation and drainage, now being conducted by State and Federal agencies, and to start action on projects which are of an urgent, immediate nature.

The group voted to meet the third Monday of each month at 7:30 p.m., and more often if necessary. The next meeting will be held November 21 at the Court House in Oakland, with alternate meetings to be held in the southern part of the county.

They have asked that flood control and conservation problems be presented to them in writing.

FBI AGENT WILL ADDRESS ROTARY

Harry M. Kimball, special agent in charge of the San Francisco office of the F.B.I., will be the speaker at the Thursday luncheon of the Niles Rotary Club on November 10.

Mr. Kimball, who has been with the F.B.I. since 1935, will speak on the topic, "Your F.B.I." Judge E. A. Quaresma will be program chairman for the day.

At yesterday's meeting of the club the members enjoyed colored movies entitled, "Highlights of Football with the San Francisco 49'ers," the bay city's professional team playing in the All-American Conference. Vernon Ellsworth was program chairman for the day.

MR. AND MRS. PUBLIC!

YOU BE THE JUDGE ON THIS UNION JURISDICTIONAL BATTLE

Safeway, its employees and the public are caught in the middle of a jurisdictional fight between two AFL unions—the Retail Grocery Clerks and the Retail Division of the Teamsters Union.

Both of these unions know that the International office of the American Federation of Labor have a procedure for settling disputes where two AFL locals claim jurisdiction. We are informed that the leaders of the Retail Division of the Teamsters Union have agreed to abide by this procedure, but that so far, the leaders of the Clerks Union have refused to use the normal AFL procedure set up for handling jurisdictional disputes.

SAFEWAY IS IN THE MIDDLE

Safeway is in a difficult position. It is in the middle of this dispute. Two unions are fighting to see which one shall be the bargaining agent for our employees. Safeway will abide by the law. We will not influence our employees one way or the other in this jurisdictional battle. It has always been company policy that our employees could belong to a union of their own choosing.

To simplify the issue Safeway has offered contracts to both unions subject to later NLRB certification of which union represents our employees. Our offer also provides for a prompt election to decide which union shall be the certified bargaining agent for our employees.

NO NEED FOR STRIKE OR PICKETS

Safeway's offer of a contract to each union makes pickets and a strike unnecessary.

There is no dispute between Safeway and its employees on wages and hours. Safeway has agreed to the same hours and pay for its clerks that the rest of the food industry in Alameda and Contra Costa Counties pay.

J. H. BRANLUND
Division Manager

SAFEWAY STORES, INCORPORATED

HERE IS SAFEWAY'S POSITION

Safeway will not include its store managers in a contract bargained by a union representing the people our managers hire and supervise. We are also advised that it will be illegal for us to sign a union security clause not in conformity with federal law. We have made this a matter of record with unions seeking to represent our employees at the bargaining table.

Safeway will not ignore the human and legal rights of our managers.

HUSKIES EDGE LOS GATOS; MEET SAN JOSE TECH TONIGHT

The toe of Len Salvador was the deciding factor between a tie and a victory for the Washington Huskies last Friday afternoon at Los Gatos, giving the local lads a 14 to 12 victory over their S.C.V.A.L. opponents. The after-point kicker now has run up a record of four conversions for four attempts.

Both Washington touchdowns were set up by long passes from Fullback Pagan to Don Pine, rangy end. Late in the first quarter Pine snagged a 35-yard pass and fought his way to the 3-yard line. Later he plunged over for the tally.

The identical play late in the third quarter again put Coach Jud Taylor's boys in scoring position.

The Huskie line, which had failed to live up to expectations thus far this season, looked the best Friday than in any of its previous encounters.

Paul Zeisse, defensive end, proved to be a constant menace to the Los Gatos backfield, slicing in to break up play after play before they could get underway.

Tonight, at 8 o'clock, the Huskies will meet San Jose Tech on the home field in an S.C.V.A.L. clash.

There will also be many special events for women marksmen.

WASHINGTON CAGERS SPLIT WITH LOS GATOS

Washington High School's Class D basketball team won its third straight Santa Clara Valley Athletic League game Friday on the home maples by downing Los Gatos 24 to 14. Freddie Viscarra led the locals with eight points.

The Washington Class C squad lost their game by a six-point margin to the Los Gatos squad 18 to 12. Carrillo, with five points, paced the locals in scoring.

SPORTSMEN HEAR REPORT ON EUROPE

Members of the Newark Sportsmen's Club were highly entertained at their meeting of October 25, hearing talks by Bert Overeen and Joe Machado Jr., who have recently returned from Europe.

Overeen has just returned from a three months' vacation trip and Machado was with the U. S. Army in Germany. They told of hunting and fishing trips enjoyed while there.

The club's next outing will be a bass fishing trip to be held on November 5 at Frank's Tract.

The next social meeting will be held on Wednesday evening, November 9, which has been set aside as Ladies' Night.

President Frank Martin pointed out to the members that the meeting of November 29 will be set aside for the nomination of candidates to be elected in December to head the group for the coming year.

Residents of this area who enjoy a thrill show will have an opportunity to see one of the best in the business tonight when Joie Chitwood and his Auto Daredevils will stage their "Hell on Wheels" at San Jose Speedway beginning at 8:30 p.m.

TO PLAY BOYES SPRINGS

The Irvington Merchants, prominent baseball club, will journey to Boyes Springs in Sonoma County this Sunday for a game with the Merchants Club of that city.

PUPPIES AT TOP OF LEAGUE LADDER

The Washington Puppies, lightweight football squad, are this week perched at the top of the ladder in the S.C.V.A.L. standings with an unblemished record of three wins in as many league starts.

Coach Hird's lads last Thursday edged out the Los Gatos lightweights 20 to 12 on the opponent's home field.

Sparkplug of the Washington victory last week was little 130-pound Sophomore J. Riveira, who scored two of the Puppie's touchdowns, one on a 70-yard sprint and the other on a 75-yard breakaway. In the opening play of the game he scampered 60 yards but was caught on the 4-yard line. Ferreira scored two plays later on a line smash.

Ray Berrios made good all three kicks for extra points but one was nullified on a penalty.

The lightweights will play the curtain-raiser against Livermore in a double-header at Memorial Stadium in Centerville tonight.

ILLEGAL DUCK HUNTING COSTS NILES MAN $150

Leon Jones, 25, Box 408-B, Niles, was fined $150 in Eden Township Justice Court last Thursday after pleading guilty to three counts of game law violations.

Jones was arrested the previous evening near Russell City by Fred Rogers, Alameda County game warden, and R. M. Bushey, deputy state game warden, after he was found to be using a license issued to his brother.

He plead guilty to hunting after the legal time, hunting without a license and using another person's license.

All U.C. alumni are requested to make reservations with Vernon Ellsworth, Niles, by Monday.

PROPOSITION 2 will maintain the $10 cost-of-living increase the voters granted the needy aged and blind last year. By repealing the "fine-print" provisions of the notorious McLain Scheme, it will reduce the staggering cost of pension administration!

WHO PAYS FOR THE SUPER-COSTLY McLAIN SCHEME? YOU PAY!

Already, the sales tax—the tax that bears heaviest on the working man—has increased 20 per cent! Yet there still isn't enough money in the State Treasury to pay for school needs and other State services!

To continue to finance the McLain Scheme, new sources of tax revenue would have to be tapped. One likely source is a new property tax on every homeowner in the State!

There is no need for this back-breaking tax waste! California can afford an adequate program for schools and other services and a generous pension program, too—if soundly administered!

DUCK SEASON HERE

With generally good results during opening, duck hunters throughout California are looking to a better shoot this year than last. The warm weather and lack of rain has prevented much movement and has resulted in few birds from the north arriving. With the coming of cold weather and rains, the 1949 season should prove an outstanding one.

FARM LABOR INFORMATION

By L. R. BRADLEY
Manager Hayward Office

In the central and north coast counties, the supply of labor is adequate for the late harvests, with but few exceptions. In Mendocino County, the late apple harvest is almost finished and grape picking is progressing satisfactorily with a good supply of labor assuring its completion. Lake County's walnut harvest got underway in earnest this week and the labor supply, mainly local workers, appears to be ample.

In Sonoma County, the late apple harvest is three-quarters complete and there is enough labor to finish the grape and walnut harvests, although many workers previously in the area for hops and prunes have left for the San Joaquin Valley. Migratory workers are also leaving Napa County for their homes or for the cotton harvest as the picking of wine grapes is almost finished.

Agricutural activities are slowing in the counties of the bay area. The wine grape harvest has been nearly completed in Solano County. In Alameda County, the harvest is practically over, but there has been some difficulty in getting sufficient workers for tomatoes. Contra Costa County now has an adequate supply of workers for wine grapes, tomatoes and walnuts.

The demand for field labor is still increasing each week in the Monterey area and some shortages are being reported. Growers are trying to harvest the last of the tomatoes because of the risk of an early frost. About 100 additional workers could be used for this crop.

Carrot tiers are still in demand as more tiers have left for cotton than are coming into the area. Small numbers of additional workers could be used in celery cutting, lettuce thinning and cutting, strawberry picking and broccoli cutting.

The labor supply is adequate at present in the Santa Cruz area where apples, strawberries, sprouts and tomatoes are being harvested. There are sufficient workers, also, in the San Benito County grape, pear, vegetable, sugar beet and walnut harvests.

SACRAMENTO RIVER SALMON

Large numbers of salmon are reported still moving up the Sacramento, American and Feather Rivers. Largest numbers are being taken at Verone and above.

DUCK HUNTING IN MARSHES

Limits have been taken by duck hunters on all clubs in Suisun Marshes. Grizzly Island, Van Sickle Island, and practically every section with enough water to attract a duck. Large numbers of sprig, widgeon and teal are apparent, with a sprinkling of bluebills and mallards.

SMITH RIVER SALMON

Salmon fishing is reported excellent on Smith River in the vicinity of the river mouth.

DUCKS ON LAKE PILLSBURY

Duck hunters enjoyed exceptional shooting at Lake Pillsbury, Lake County, during early days of the season. Limits were the rule with teal and widgeon predominating hunters' bags.

LAST RITES FOR JOHN J. LOGAN

Fina rites were given in Hayward Monday for John G. Logan, 79, retired farmer who died at his home in Alvarado Saturday.

He was a native of Ireland but had resided in this area most of his life. He was a brother of the late James Logan, long-time trustee of Washington Union High School.

Mr. Logan was the husband of Annie J. Logan; father of John W. Logan, Mrs. Marjorie M. McConnell and Mrs. Anna F. Silva. He is also survived by three grandchildren.

Services at the Pratt-Flierl Mortuary in Hayward were followed by interment at Cypress Cemetery in Decoto.

Thinking Things Over . . .

By VIVIAN BATMAN

REMEMBER?

Although it is an old book (published in 1913) I have just been reading Jack London's "Valley of the Moon." The setting for at least half the book is centered around Oakland. Here is a paragraph from the book that piqued my curiosity:

"A gleam of light came, when Billy got a job driving a grading team for the contractors of the big bridge then building at Niles. Before he went he made certain that it was a union job. And a union job it was for two days, when the concrete workers threw down their tools. The contractors, evidently preparing for such a happening, immediately filled the places of the concrete men with non-union Italians. Whereupon the carpenters, structural iron workers and teamsters walked out; and Billy, lacking train fare, spent the rest of the day in walking home." (He lived in Oakland!)

Does anbody know if this episode was based on fact? And what would be the "big bridge" then being built in Niles? And further, does anyone know if Jack London ever visited in Niles?

HOLD ON!

The news this week—especially in the township—seemed to center around suicides. A young man in a suicidal condition was found roaming the hills of the Overacker ranch at Mission San Jose; a Decoto mother of seven children attempted to do away with herself. And there were doubtless many others who considered suicide but who did nothing about it.

If people who are despairing to the point of self-destruction would only read — and remember— this little paragraph written by Harriet Beecher Stowe:

When you get into a tight place and everything goes against you, till it seems as though you could not hold on a minute longer, never give up then, for that is just the place and time that the tide will turn.

FUN WITH THE FAMILY

How do you feel about getting up these school mornings, especially if you're the mother of two boys? This is the way I feel. I'll put it in rhyme:

It isn't the early hour
Or temperamental fits,
Or cold and frosty mornings
That keep me in bed . . . it's

"Mom, he's got my hair oil,
Mom, he's got my soap;
Mom, he just keeps saying,
That I am just a dope."

"Mom, he's putting sugar on my egg!
Now, Mom, he's burnt my toast!
Mom! He's pouring catsup in my jam!
Now listen to him boast!"

"Mom, he's using all the shoe paste,
And Mom, he's got MY shirt.
Gosh, Mom, just let me hit 'im once—
He just called me a squirt!"

T. Jones, Mr. Tom Imholtz, Bill Bauhofer, Tommy and Dicky Wipfli, Miss Carol Bauhofer, and Mr. and Mrs. J. F. Bauhofer Jr.

Attend Auto Races

Mr. and Mrs. Vernon Leal of Irvington motored to Sacramento for the week-end where they visited at the home of her parents, Mr. and Mrs. George Jones, and took in the auto races Sunday.

San Luis Obispo County, where there has already been a light but damaging frost, reports a strong demand for vegetable workers, especially in the tomato harvest.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

FLOWER DAYS

More lovely flowers have been coming to the post office from many more friends. Mrs. Huddelson, new-comer to our town, whose husband owns the old Witherly Estate here, brought in a huge arm load of every kind and color of chrysanthemums on Saturday, and Bill Turner, our old stand-by, had brought in some amber ones earlier, and don't forget Grandmother Wilcox who has some very delicate orchid and gold ones (chrysanthemums) which she sent down also. Aren't we the lucky people, for every day is flower day in the Mission post office.

ALMOST TRAGIC

What could have been a tragic affair was only scorched walls and burned curtains, not to mention a vacuum cleaner. Jody Spaulding wanted to surprise Mom and Jerry when they returned from Mary and George Rodrigues' home a few doors away, and placed a jack-o-lantern in the window and went to bed. (She had made it herself and was proud of it.) Just a few minutes elapsed and those mean old curtains just deliberately got into the lighted candle and there goes the fire whistle and Mission is again alive and moving fast. There are several versions of who was the hero. They included Louis Calderon and Albert Pedro. Jerry (papa) Spaulding, not to mention little four-year-old Vicki Spaulding, who ran like mad from the house (smart kiddie) while Jody stopped to put on some clothes. But anyway the house was scorched, the curtains burned but the firemen had it out in no time at all. Poor proud Jody won't try to surprise Mom any more with fire.

BIG ORDER

Word reaches us that Mr. Bill Lawrence will be home from the hospital this a.m. Tuesday. He is still very weak and the doctor's orders are "keep those doors closed and keep very quiet." Boy, what a hard order to carry out especially when friends and neighbors want to drop in to see how everything is.

BIRTHDAY FETE

Last week I got the news too late but Mary Rogers celebrated her birthday with a Monday evening dinner at her home here on Bryant Street, with husband Lawrence, son Frank, and newlyweds Lorry and Mary Rogers of Centerville coming home to wish Mom "Many happy returns of the day."

ANOTHER

Tuesday, Nov. 1, Grace (Meyers) Vieth celebrated her birthday with a few friends in to help her eat that cake and play a few games of cards.

HOME SOON

Friends of Mrs. Mildred Laughlin of Niles, whose family are former residents of the Mission for several years on the Witherly place, will be pleased to hear that she is coming along fine at the Alameda Hospital following a major operation last week. She expects to be home if no complications arise by the time this paper goes to press.

OPEN HOUSE

An open house Halloween party was held at the I.D.E.S. Hall last Thursday evening by the Mission Youth Center for all the young folks of the community who wished to attend. The committee, consisting of Lester Semas, Bernadine Semas, Ann Untiedt, Iris McNemar, along with President Cappy Cunha and Secretary Bev Chambers and a few extras, had decorated the hall in corn stalks and black and orange paper with lantern faces all around. Beverly Chambers and Bernadine and Jimmie Semas had charge of the refreshments of cider, doughnuts and soft drinks. There were some 120 in attendance. Lois and Glenn Bottenberg were with them. Talk about a large crowd of young folks being orderly and enjoying themselves, they sure did. The Mission Youth Center hopes that soon they can again invite the high school and other young folks interested to another dance.

NEW RESIDENTS

Mr. and Mrs. John Tallent have moved into the old Allen place on the Mission Road near Mill Creek Road. They formerly lived in Irvington. Now Eugene Tallent, a brother who formerly lived here many years ago, is down here from Anchorage, Alaska, to spend a few days vacation. Dad and Mom Tallent are now living at Cordelene, Idaho.

MOP PARTY

Last Thursday evening at the home of Mrs. Betty Andrade, anothr of those fun fest Mop Parties was held. It was a lively affair with several games played and a good snappy demonstration by Mrs. Leone Tingey. There were 14 guests present to enjoy the lovely refreshments. Hortense Cunha will be the next hostess and will entertain near the first of the year after all the holiday rush is over.

TO SACRAMENTO

Mrs. Rose Recend accompanied Danny Silva to Sacramento last week-end to visit her son, John Pat Recends, who is working in Sacramento and living with his aunt, Mrs. A. C. Santos.

NEW DAUGHTER

The former Laura Garcia who lived in Mission San Jose for years and is now considered an old married woman by the name of Freitas, has a new baby girl which weighed 9 pounds at birth. Details of name, etc., are not available at this time.

Verba Westray was one very surprised gal last Friday night when she and Mrs. Hale dropped in on Maxine Marshall for what Verba thought would be just a neighborly cup of tea. Maxine and Bea Fore had gathered together a number of friends and neighbors who presented lady-in-waiting Verba with a number of gifts, practical, beautiful, and amusing. After an evening of games and a treasure hunt for the gifts, Maxine and Bea served refreshments from a pink, chrysanthemum-decorated table.

Those who attended were Celestine Welch, Joyce Lecce, Virgie Stanger, Rena Harrelson, Jessie Cole, Nadene Clark, Alma Hale, Frances Mara, Bernice White, Dorothy Gronley, Esther Harter, Billie Nielsen, Margaret Matthews, Alice Knowles, Maude Musgrove, lin, Bonnie Kerns, Katie Franklin, Bonnie Gerns and Mrs. Mattox. Marybelle Miller, Florence Matthews and Virginia sent gifts but were not able to be present.

At the LIBRARY

By ELAINE HOWE

Almost everyone who sets foot in the library does so convinced within his heart that the librarian intends to improve his mind—whether or no! Your editoress revealed that recently—she didn't know her subconscious was rebelling against being improved. The libel on the librarian's motives may or may not be true. But may I suggest that it is possible to learn something and be amused in the process. I have two recent books in mind to back up my argument.

The first is "The Cats in Our Lives" by Pamela Kellino and James Mason. The latter is, and I'm sure the younger generation know at once, a popular movie star who has endeared himself to his audience by beating all his leading ladies to a pulp. He's married to Pam and they share a passion for Siamese cats. However the book does not deal exclusively with the royal breed, but treats amusingly also of dogs, ducks, geese and common cats. There is much sober advice on cat raising, disease and bad habits of which the individualist Siamese has an abundance. Also there are stories of the Masons' experiences with lost and sulking cats, and one little gem wherein Mr. Mason describes a cat fight and works out a point system—he insists they fight by their own set of Marquess of Queensbury rules!

The second is "Animal Facts and Fallacies" by Osmond Breland. Here is a book for any age—preferably the inquisitive age. It explores fact and fable about a variety of animals, birds and reptiles, and includes the familiar and the very unfamiliar. Prof. Breland is a zoologist at the University of Texas, but don't let that give you the idea these are college lectures. I got a lot of fun out of such items as: Does the hippopotamus sweat blood? Do snakes commit suicide? Why cows chew their cud, tales of tree-climbing fish, dragons that still exist, and how NOT to capture a skunk. Did you know that a species of Swift in India flew a measured course at the rate of 170-200 miles an hour? That's just a sample.

Don't say I didn't warn you—the Library will be closed Election Day, Tuesday, November 8.

FLOWER COURSE AT EVENING HIGH

"Flowers in the Home" will be the name of a new adult school course to be given at Washington High, beginning next Wednesday afternoon at 1:30 o'clock, according to Warren Gravestock, principal of the evening high.

Instructor for the new class will be Rudolph Aguirre, who is doing practice teaching at Washington High during the day in order to acquire his A.B. degree from San Jose State next summer. He has majored in art at San Jose State.

The course will not follow the conventional flower-arranging classes but will embrace a study of flowers in connection with interior decorating.

Mr. Aguirre, whose home is in San Diego, comes to the evening school highly recommended by those who have known his work in the realm of art.

In the United States 5,400,000 tons of topsoil is lost annually.

YEHUDI MENUHIN TO PLAY IN SAN JOSE

Yehudi Menuhin, genius of the violin, plays in the auditorium, San Jose, on Friday night, November 18. The name of Menuhin has been a household word since 1923, when a seven-year-old Yehudi made his professional debut with the San Francisco Symphony Orchestra under Alfred Hertz, to a frenzy of applause that was only equalled by New York and Paris audiences two years later. In Europe, Menuhin is the most popular of American artists. During the war he gave more benefit concerts for the Allied armed forces, Red Cross and civilian charities than any other concert artist. He flew in bombers across the Atlantic, the Pacific and the Arctic, spent weeks with the fliers in the Aleutians, and at the request of General Eisenhauer followed our army into France and Belgium, and was the first concert artist to play in liberated Paris, Brussels and Antwerp.

Tickets for this event are on sale at the Denny-Watrous box office, San Jose auditorium.
